Council members viewed a video on Trustlands Administration. The history of Trustlands, development of the program, money revenue, reviewed how money can be spent, and management. PHS uses the money to sustain and create programs for kids and staff development. This year the budget will be around \$70,000.00.
 Question: Will 1 Ipad per student impact Trustlands? Probably not at Payson High School

Ben showed survey results from a survey taken to address the “feeling tone” of the school. Results were very positive. New programs have been implemented to address issues. The addition of Advisory Groups will help meet the needs of these issues. \$5,000.00 may now be used from Trustlands for interventions!

Question: Should we add questions to the Sharp Survey? Do we feel like this information is valuable to us? The information is very helpful. No further questions were suggested.

The cheerleaders were donated \$400.00 from a lady in the name of her mother. The situation turned out to be a great experience for all.

Question? What was updated building wise this year? Asbestos removal and new carpet was added to the Counseling Office (along with an office upgrade), biology office, and B-8. There was upgrades and remodeling in the dark room (now an office), lunchroom (new furniture), training room, and wrestling rooms.

First Place State Trophies are being replaced that have been discarded. A new display case has been added to the gym hall.

The band program will continue. Mr. Collins is the teacher until his disability comes through.

CRT scores will not be available until November.

Motion to adjourn: Julie, Second: Kim Voting: Unanimous

Next Meeting Date - Monday, October 13 - 3:00 P.M. in the Library
