Data on Goals:

Maybe rewrite the measurement tool for goal #1, might not get the right data information.

Rewrite measurement #2. No data to look at, hard to get.

Goal #3 on track, will be able to compare next year with this years data.

Tardies: dropped, Term 1, absences dropped as well, grades increase of A's from last years term 1.

Percentage of F is increased, still a concern,

Concurrent enrollment: We don't have the elective courses like other schools, GE Enrollment,

AP Testing went down, hoping it will balance out.

Sage and ACT Language Arts total progression, ACT Data, 4% increase
