COMPREHENSIVE GUIDANCE

Sheila Lotz

Counselors will be reviewed next year and requested the school community council act as the advisory committee. The advisory committee will meet once in spring and needs at least 2 students, preferably from LIA.

Students need to be encourage to register for UVU concurrent enrollment in the Spring (April)

Senior meetings will be held in August, however counselors will still meet with parents whose students are interested in ALC and MTech.

PRINCIPAL'S ITEMS

RaShel Shepherd

The areas of focus:

- *Differentiation in the classroom to promote student learning.*
- *Policies and Schedule for in school intervention time.*

- *Breaking Leadership Team into smaller committees to look at other schools mentor/coaching program - this is an area that might need funding.*
- *Providing more concurrent enrollment opportunities for students.*
- *Several teachers are starting their masters program to facilitate this need.*

TRUSTLANDS

2018 - 2019

Tona Graff

Read through each of the goals and decided that Tona would reword some of the goals in preparation for next meeting to make final decisions on goals. Some of the changes suggested by group were:

Change goal #1 instead of "The ACT test by matching the state average overall, gender and ethnicity." to "by raising the percent of students who are scoring an 18 or better by 4%": grief groups, why try, determine underlying issues for students in youth support

*Change goal #2 measurement to track whether the trend continues to go down
Under action plan discuss*
